

LACONIA SCHOOL DISTRICT
School Administrative Unit Thirty

Ensuring success with every student, every day, in every way

Terri L. Forsten, Superintendent of Schools
Kirk Beitler, Assistant Superintendent of Schools **Edward N. Emond, Business Administrator**

September 10, 2013

Dear Kiwanis Board Members;

I am writing to provide clarification to you regarding the decision around the concessions at the new athletic stadium for the fall 2013 season. In collaboration with Joe Cormier and with his support I offer the following clarification.

It is my understanding that Key Club Advisors met with LHS School Administrators in June to review the options for concessions for the fall 2013. At that meeting, the Key Club Advisors were offered several options for concessions. They reportedly were interested in three dates when large crowds are expected to be in attendance at the stadium – Homecoming games on September 28 and Division IV Soccer Semi-Finals for November 6 and 7. There are additional soccer and field hockey games available for this fall if Key Club is interested in more dates for the concession stand. It was clearly communicated at the June meeting that home football games were not an option as those had been given to another community organization.

While Key Club has had a long standing tradition and presence at football games, our new athletic stadium offers an impressive array of other athletic games that we predict will offer as strong a fundraising venue as football games.

An important question that was asked while I was at your Board meeting was about who is in charge of coordinating the concession stand for our athletic stadium. I can confirm that the Laconia School District under my direction has responsibility for this task and the processes connected to it. It is our intent to review the schedule for concessions annually.

Your support of our Key Club and the wonderful contributions that they offer to our community and beyond is greatly appreciated. We look forward to your continuing presence and influence with the youth of our community.

Sincerely,

39 Harvard Street
